SKYLARK NETWORK CO., LTD

# COMPANY PROFILE

SKYLARK NETWORK CO.,LTD

We are growing up from General Union, an international trade corporation with more than 20 years' source agent experience. And our team is formed by young memberships with full of energy and rich experience in source agent. We have a great numbers of sales assistants who are good at different kinds of languages like English, Spanish, Portuguese, Russian, French, Italian and so on. They both know the demand of customers and the information of products so they can give our customers the most applicable plan in selling to meet any demand of customers according to the market they located. We have rich experience in different regions such as Europe America South America Middle East and Southeast Asia. Thus we are know well about what kinds of products is popular in which regions we could provide the professional advice to our customers .What's more We are on duty at any time of the year and could be contacted at any time.

We are also a innovative enterprise with the idea to service for the e-commerce objects. We have our own website to show the service and products we could provide to our customer and renew the message of our new products .It was a platform for the both retail\_x0002\_ers and e-commerce to find the best selling item and a wide range of low cost products. We are focus on international trade industry trends and the development of new business model that e-commerce is getting more and more popular than ever before.

# Intelligent Temperature Display

◆ **LED SMART DISPLAY:** Roceline Smart Water Bottles possess a large screen Digital Display which makes it easy to understand the internal temperature of the liquid in Fahrenheit.

◆ **24 HOURS TEMPERATURE HOLDING POWER:** Roceline Infuser water bottle known for Long Time Holding Temperature which keeps the liquid hot up to 12 hours and cold up to 24 hrs.

◆ **FEATURED DUAL WALL VACUUM INSULATION:** The premium coated copper on the exterior of the inner wall of Roceline Water Flask which provides high performance temperature retention up to 24 hours.

◆ **304 STAINLESS MEDICAL GRADE STEEL:** Insulated Water thermos outperforms 18/8 food grade stainless steel in anti-oxidation and corrosion resistance, it will never leave a metal taste or rust, therefore it is also used as a Tea infuser bottle worldwide.

◆ **PERFECT GFIT & EASY TO CARRY:** Roceline smart infuser water bottle is genuinely made for outdoor sports, gym, office, picnic, cycling, school, college, hiking, etc. That's why it's a Perfect Gift within friends & family.

⚡ **ROCELINE COFFEE THERMOS BUILT QUALITY:** 500 MI /17 OZ is made of 304 Stainless steel and outer 201 Metal. It is built with Anti-Corrosion Coating with double Wall Vacuum Insulation.
